Written Testimony Aloha. The current plastic ban is disappointing. I believe the plastic ban bag is suppose to "BAN" plastic bags, meaning eliminating the use of said item. I didn't know ban meant doubling the thickness of the bag. I understand this initiative was to get people to reuse the bags but ha yeah right. Humans aren't helpless, and we aren't dumb. Please adjust the ban accordingly so that all plastic bags in supermarkets, restaurants, farmer's market, and other plans that utilize plastic bag, are banned like Kaua'i. Please stop accumulating more plastic in the environment. It should no longer be about profit, but it should be about safety.
